QUESTION:

WEEK 3 :-

1. Apply style sheets (inline, internal and External styles) for all web pages Apply style sheets for all web pages which were designed during week 1, 2, and 3.

a. This CSS example sets color and font size information for the text in a specific paragraph.

<P style="font-size: 12pt; color: fuchsia">Information....

b. Use div and the class attribute to set the text justification for a series of paragraphs that make up the abstract section of a scientific article. This style information could be reused for other abstract sections by setting the Class attribute else where in the document.(Internal).

c. Use CSS style declaration, puts a border around every H1 element in the document and centers it on the page.(internal).

d. Use the here's the external style sheet separately and link it with web pages which you designed.
